Dare to be more YOU.

Do the work that calls you. Do it proudly
– and PROFITABLY. Because f*cking up
isn't the end – not trying is.

Hey there Maria,

If this was a mobster movie, we'd be sending a big ol' meathead over to your place of business to throw some shit around, crack his knuckles, and say, "You better pay up. OR ELSE."

And then you'd be super scared and you'd come to us immediately to try to work it out.

Yeah...not really our style.

But it's been 10 days since your card was declined, and we still haven't heard from you...and that's *no bueno*.

You came to Abundant Yogi because you were tired of sabotaging yourself, and trying things that didn't work.

Something in you decided to take *this* chance, on *this* program, at *this* exact time. And (newsflash) that inner self-saboteur doesn't like to go quietly. She'll keep trying. The good news is, *so will we*.

In other words, we aren't going to let you screw this up. You bring us in to help you sort your shit out? We are ALL IN.

And part of that means holding you accountable — to honor the terms of your contract for one thing. Or if you can't do that for whatever reason, to honor your own integrity (not to mention your credit score), take a deep breath, and TALK TO US.

We ain't mad at you! We just need to know what the deal is.

Because if we don't hear from you?

Well, we can't send a mobster to your place of business. Because a) we don't actually know any, and b) it's illegal. But we *are* going to revoke your access to all AY material in four days.

And then we'll have to involve collections, and that's a real pain in the ass for everyone. (Mobsters might be more fun, actually).

Here's what you need to do: Reply to this email, letting us know what the deal is. Give us a time that works for our support team to get in touch via phone. (*Operative word = support.*)

Once we know what's happening, we'll come up with an agreement going forward that will make us both happy.

Or, you can save us all a lot of trouble and just [update your account info now](#).

(That's about as mobster-y as we get.)

Talk to you soon,

The AY support team

P.S. Need to send a big ol' meathead over to your self-saboteur's house to knock some sense into her?
